Popular with interior designers AND practical for specification, these colors are certified by GREENGUARD® and NSF®. They are also certified by Scientific Certification Systems to contain at least 6% pre-consumer recycled content. Meganite® solid surface offers high performance and environmental benefits that may help your projects earn LEED® certification points under the LEED® Building Rating System™ developed by the U.S. Green Building Council (USGBC). Call for information and samples. 1-877-778-1149.

* Based upon LEED requirements. Colors shown may vary from final product. Visual inspection and approval of MEGANITE samples must be completed prior to order placement and fabrication.
